

Charles Ghost Barstool

Construction

Frame

Polycarbonate (plastic)

Origin

Made in Europe

Key Features

The shape conjures up stools of the 1800s and the line of the legs is rounded and slightly upturned, an icon of the classic high stool. Charles Ghost is constructed from a single block of transparent polycarbonate making it indestructible and allowing it to survive anywhere! It is available in three different heights, and in a wide range of transparent and opaque colours which allows for the creation of intriguing chromatic combinations.
