

Construction

Frame

Southland Beech

Seat & Back

Elephant Foam

Origin

Made in New Zealand

Key Features

This is a transitional piece, designed to sit equally well in a century-old wooden-floored bungalow as a sleek, ultra-modern setting. Additional elements place the design firmly in the present day. The steel base creates a neatly tailored silhouette. Available in timber also, this foundation provides an efficient solidity to the overall look and feel. The balanced proportions ensure the Henley pairs well with modern pieces.
