

Adjustable Replenish Firm Bed

Description

By integrating natural fibres and materials with their innovative layering technology, Design Mobel deliver both a unique comfort experience as well as a dryer, cleaner sleep environment.

Designed for modern life, the Motion Comfort Adjustable Bed will give you an unforgettable experience at the touch of a button. Ideal for watching TV in bed, reading or sleeping, it's simple to get your desired comfort position specifically catered to you. Complete with the plush Replenish mattress, this bed reflects Design Mobels firm beliefs of the importance of a good night sleep for your mind and body with its meaningful design, natural materials and full body comfort technology.

Specifications

Key Features:

- Fully adjustable base which allows you to lie flat, tilt your head up, your back up, and feet up and down.
- All features are operated through a wireless remote.
- Take the pressure off your chest and breathe easier by elevating your upper body by 45 to 60 degrees.
- Three adjustable leg heights at 270mm, 340mm, 420mm.
- 100% natural medium/plush Dunlopillo latex core is sustainably sourced and provides excellent natural support and pressure relief for your entire body. Latex is naturally hypoallergenic and resistant to dust mites, making it ideal for people who suffer from allergies and asthma. It is also resistant towards mildew, mould and has antibacterial, antifungal qualities, perfect for a healthier sleep.
- 100% pure New Zealand wool used in the mattress border is sustainable and hypoallergenic. Wool fibres keep you cooler in the summer and warmer in the winter.
- Organic cotton creates a delicately soft feel, produced without pesticides and chemicals making it better for you and the environment.
- Soft natural Tencel fabric is sourced from certified sustainable forests. 100% biodegradable and has excellent moisture wicking properties.
- Natural probiotic technology is woven into the mattress fabric to absorb moisture and clean up dust mite allergens.
- Long single, king single and queen are one mattress. The super king is a split mattress which consists of 2x long singles.
- 10 year structural guarantee and 2 year electrical guarantee
- This mattress is also recyclable, at the end of its life Design Mobel will take the mattress back and recycle it into other products like carpet underlay and fibre products.
